COMPACT DUAL-BOILER ESPRESSO MACHINE · 1 GROUP

LINEA MINI R

The Linea Mini R is a one-group, dual-boiler machine styled on the commercial Linea. It runs from a built-in reservoir, plugs into a standard socket and adds app control and brew-by-weight, making it a practical choice for offices and light hospitality.

Made by La Marzocco
Florence, Italy

3 L	2.5 L	30 kg	360 mm
steam boiler	built-in water reservoir	machine weight	wide, for compact counters

Figures published by La Marzocco UK.

WHAT IT DOES WELL

01
Dual boilers, PID
Separate coffee and steam boilers under PID control let staff brew and steam at once without affecting shot temperature.

02
Pre-infusion
Electronic pre-infusion with a two-valve system wets the puck gently before full pressure, and keeps the flow restrictor clean.

03
Brew by weight
Pairs with a compatible scale so shots can stop at a target weight, improving consistency between different users.

04
Cool-touch steam wand
The wand stays cool to the touch with a PEEK tip, reducing burns and making milk residue easy to wipe off.

05
App and auto backflush
The La Marzocco Home App handles settings and scheduling, and automatic backflush and standby simplify daily cleaning.

06
Adjustable pressure
Pump pressure can be adjusted easily, so extraction can be tuned to the coffee being used without a technician visit.

WELL SUITED TO Offices, meeting suites, small cafés, bakeries and front-of-house hospitality spaces with light, steady coffee demand.

LINEA MINI R — SPECIFICATION

la marzocco

What you need to plan the space and power. We confirm the details before delivery.

MACHINE		
	Dimensions (W × D × H)	360 × 540 × 380 mm
	Weight	30 kg
	Steam boiler	3 L
	Controls	Semi-automatic paddle · shot timer · La Marzocco Home App

ELECTRICAL		
	Power (max)	1,770 W at 220 V · 2,100 W at 240 V
	Standard supply	220–240 V single phase · standard 13 A plug

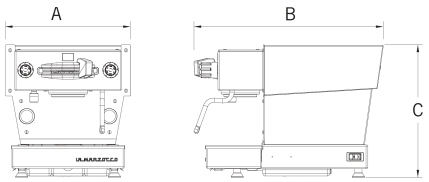

WATER & DRAINAGE		
	Water supply	Built-in 2.5 L reservoir, or plumbed with optional connection kit (G3/8 hose)
	Water treatment	Filtered water in the reservoir, or an in-line filter when plumbed
	Waste	Drip tray, or drain hose to a gravity drain when plumbed

SIZE & FOOTPRINT

Size	360 × 540 × 380 mm
Weight	30 kg

FRONT & SIDE ELEVATIONS

LINEA MINI	
A [mm]	360
B [mm]	540
C [mm]	380
WEIGHT [kg]	30

Drawing: La Marzocco Linea Mini manual

BEFORE IT ARRIVES

- [ ] Standard 13 A socket within reach of the machine
- [ ] Counter space 360 × 540 mm, rated for 30 kg
- [ ] If plumbing in: cold feed and drain close to the machine
- [ ] Clearance above for filling the reservoir

SUPPLIED, SET UP AND LOOKED AFTER BY MSS

Installation & commissioning

Our engineers deliver, set up and commission the equipment, and show your team how to use and clean it.

Bronze, Silver & Gold service plans

Planned preventative maintenance, with labour included on every plan. You choose the level of cover that matches your trading hours.

Warranty & ongoing support

New equipment comes with a 12-month parts and labour warranty, subject to manufacturer terms. After that, we look after it for as long as you have it.
