MAZZER

ON-DEMAND ESPRESSO GRINDER · 64 MM FLAT BURRS

SUPER JOLLY V PRO

The modern version of Mazzer's long-running café grinder, for small to medium sites. Its 64 mm flat burrs, stepless adjustment and programmable dosing suit one- or two-group machines, in a compact 207 mm wide body.

Made by Mazzer
Venice, Italy

64 mm	1.1 kg	207 mm	14 kg
flat burrs (233M)	bean hopper capacity	wide, for tight counters	weight

Figures published by Mazzer.

WHAT IT DOES WELL

01
Re-engineered burrs
Hardened high-carbon steel 64 mm flat burrs, which Mazzer redesigned to cut dosing time by about a fifth over earlier versions.

02
Stepless adjustment
Micrometric stepless grind adjustment lets baristas make small changes as the coffee, weather or recipe changes through the day.

03
Hands-free dosing
Grinding starts from the portafilter, with three programmable dose times and a fully adjustable portafilter holder.

04
Grind Flow Control
The GFC outlet reduces static and clumping, keeping grounds in the basket rather than on the counter.

05
Durable materials
Mazzer states 93% of the weight is stainless steel, aluminium, brass and copper, for a long working life and easier recycling.

06
Optional IoT
An optional IoT module lets owners and the service team see grinder data remotely and plan maintenance.

WELL SUITED TO Small to medium cafés, restaurants, hotels and workplaces running one- or two-group espresso machines.

SUPER JOLLY V PRO — SPECIFICATION

MAZZER

What you need to plan the space and power for this grinder. We confirm the details when we set it up.

GRINDER

	Dosing	On demand, 3 programmable dose times
	Cooling	Double fan
	Dimensions (W × D × H)	207 × 410 × 595 mm (standard hopper)
	Weight	14 kg

ELECTRICAL		
	Power	350 W
	Supply	Single phase · standard UK 13 A plug (inferred)

SIZE & FOOTPRINT

Size	207 × 410 × 595 mm (standard hopper)
Weight	14 kg

BEFORE IT ARRIVES

- [ ] 13 A socket close to the grinder position
- [ ] Counter space of 207 × 410 mm, rated for 14 kg
- [ ] 595 mm height clearance under shelves, plus room to fill the hopper
- [ ] Knock box and brush station alongside

SUPPLIED, SET UP AND LOOKED AFTER BY MSS

Set-up & commissioning

We set up and commission the grinder on site, and show your team how to use and clean it properly.

Burrs, maintenance & repairs

Planned maintenance, burr replacement and responsive repairs from our own engineers, so grind quality stays where it should be.

Warranty & ongoing support

New equipment comes with a 12-month parts and labour warranty, subject to manufacturer terms. After that, we look after it for as long as you have it.
