INTEGRATED AUTOMATIC TAMPER · FOR MYTHOS GRINDERS

PUQ PRESS M2

An automatic tamper built to sit underneath a Mythos grinder. The grinder stands on top, so the station takes no extra counter space and every dose is tamped level at a set pressure straight after grinding.

Made by PUQpress
Barendrecht, Netherlands

5–30 kg	1.5 s	5	179 mm
adjustable tamping pressure	tamping cycle	tamping profiles	high, sits under the grinder

Figures from PUQ's integrated user manual. Height is the tamper unit alone, without grinder.

WHAT IT DOES WELL

01
Grinder on top
The Mythos stands on the M2, so grinding and tamping happen in one spot and no extra counter space is used.

02
Same tamp every time
Each dose gets the set pressure and a level tamp, removing one of the biggest variables between baristas.

03
Five profiles
Speedy, Precision, Soft, Hulk and Single profiles let you match the tamp to the coffee and to service speed.

04
Wide pressure range
Pressure is set from 5 to 30 kg in 1 kg steps, so a recipe can be fixed and repeated across shifts.

05
Uniplate option
With the M2 Uniplate on top, the M2 can also sit under several Anfim, Markibar, Sisma and Slingshot grinders.

06
Less strain on staff
Automatic tamping takes hundreds of repetitive presses a day off each barista, which counts on long, busy shifts.

WELL SUITED TO Busy cafés and espresso bars already running, or buying, a Mythos 1 grinder and short of counter space.

PUQ PRESS M2 — SPECIFICATION

What you need to plan the space, power and fit. We check compatibility with your grinder before you order.

GRINDER COMPATIBILITY	
Direct fit grinders	Mythos 1 Clima Pro · Victoria Arduino Mythos 1 Clima Basic · Victoria Arduino Mythos 1
Also fits (see note)	Victoria Arduino Mythos 2 (fits, but housing alignment not optimal)
With M2 Uniplate	Anfim Scody, SP II, Caimano · Markibar Izaga, OHRI · Sisma Talis · Slingshot

TAMPER	
Tamping pressure	5–30 kg, adjustable in 1 kg steps
Tamping cycle	1.5 seconds
Tamping profiles	Speedy, Precision, Soft, Hulk, Single
Tamper diameter	Built in one size from 53 to 58.3 mm, shown on the tag plate
Dimensions (W × D × H)	185 × 380 × 179 mm
Weight	6.3 kg

ELECTRICAL	
Power	76 W · 0.7 A
Standard supply	100–240 V AC, 50–60 Hz, single phase · standard 13 A socket

SIZE & FOOTPRINT

Size	185 × 380 × 179 mm
Weight	6.3 kg

BEFORE IT ARRIVES

- [ ] Standard 13 A socket for the tamper, as well as the grinder's own supply
- [ ] Level counter (within 0.5°) with 185 × 380 mm clear under the grinder
- [ ] Allow 179 mm extra height under the grinder, plus hopper clearance
- [ ] Confirm grinder model (Mythos 1 or Mythos 2) and basket diameter at order

SUPPLIED, SET UP AND LOOKED AFTER BY MSS

Selection & set-up

We help you choose the right model for your grinder and workflow, then set it up and commission it on site.

Maintenance & repairs

Planned maintenance and repair support from our own engineers, looked after alongside the rest of your coffee equipment.

Warranty & ongoing support

New equipment comes with a 12-month parts and labour warranty, subject to manufacturer terms. After that, we look after it for as long as you have it.
