Victoria Arduino

ON-DEMAND ESPRESSO GRINDERS · 65 OR 75 MM BURRS

MD SERIES
MDX-S · MDJ

Two dependable on-demand espresso grinders sharing one design: the MDX-S with 65 mm burrs for moderate volumes and the MDJ with 75 mm burrs for busier bars. Both grind fresh doses straight into the portafilter with stepless adjustment.

Made by Victoria Arduino
Belforte del Chienti, Italy

65/75 mm	1.6 kg	13 kg/h	215 mm
flat burrs, MDX-S / MDJ	bean hopper, both models	MDJ grinding output	wide (MDJ)

Figures from Victoria Arduino/Simonelli Group manuals and brochure. Output varies with grind setting.

WHAT IT DOES WELL

01
Grinds on demand
Doses are ground fresh into the portafilter at the press of a button, so no coffee goes stale in a doser chamber.

02
Stepless adjustment
Micrometric, stepless grind adjustment lets baristas make small changes to extraction as beans, humidity and temperature shift.

03
Clump crusher
A clump crusher in the outlet breaks up clumps and reduces static, so grounds fall evenly into the basket.

04
Quieter motor
Shock-absorbing motor mounts isolate vibration from the body, which lowers noise at the counter during busy service.

05
Portafilter hook
An adjustable portafilter fork holds the handle during grinding, freeing the barista's hands and speeding up workflow.

06
Choose by volume
Pick the MDX-S for steady mid-volume service or the MDJ, with larger 75 mm burrs and a stronger motor, for busier bars.

WELL SUITED TO Cafés, restaurants, hotels and workplace coffee bars, choosing MDX-S or MDJ according to daily volume.

MD SERIES MDX-S · MDJ — SPECIFICATION

What you need to plan the space and power for this grinder. We confirm the details when we set it up.

MACHINE		
	Dimensions (W × D × H)	MDX-S: 212 × 290 × 585 mm · MDJ: 215 × 290 × 605 mm
	Net weight	MDX-S: 12 kg · MDJ: 15 kg
	Burrs	MDX-S: 65 mm flat · MDJ: 75 mm flat
	Bean hopper	1.6 kg (both models)
	Grinding output	MDJ: 13 kg/h at 900 rpm (50 Hz)
	Adjustment	Stepless micrometric

ELECTRICAL		
	Power	MDJ: 575 W at 220–240 V, 50 Hz
	Supply	220–240 V single phase, 50 Hz · standard 13 A socket

SIZE & FOOTPRINT

Size	MDX-S: 212 × 290 × 585 mm · MDJ: 215 × 290 × 605 mm
Weight	MDX-S: 12 kg · MDJ: 15 kg

BEFORE IT ARRIVES

- [ ] Standard 13 A socket beside the espresso machine
- [ ] Counter space of about 215 × 290 mm per grinder
- [ ] At least 605 mm clear height (MDJ) under shelves or cupboards

SUPPLIED, SET UP AND LOOKED AFTER BY MSS

Set-up & commissioning

We set up and commission the grinder on site, and show your team how to use and clean it properly.

Burrs, maintenance & repairs

Planned maintenance, burr replacement and responsive repairs from our own engineers, so grind quality stays where it should be.

Warranty & ongoing support

New equipment comes with a 12-month parts and labour warranty, subject to manufacturer terms. After that, we look after it for as long as you have it.
